Subject: G2G prep - please add two people from EPA

---

Hello, Chris.

Please extend the meeting invitation for the G2G prep to two people from EPA – Jim Zokan, a tribal consultation specialist and Adam Baron, head of the Tribal Trust and Assistance Branch Chief. One or both will join us to listen, offer clarifying comments on our messaging as needed, and give us additional tips on meeting protocols that we don't get from Julie. They will participate in the prep, but will not travel out for the consultation.

Thanks, Chris.

Cheers --
